**Students**: After reading "Connections," name the four types of instruments found in an orchestra in the tree map below. In the boxes under each type, name a detail about or an example from each category. Answer the questions at the bottom in complete sentences. **Parents/Teachers**: Answers are below.

## Instruments in an Orchestra

## 1. What is an orchestra?

An orchestra is a large group of musicians who play together on a variety of bowed string, woodwind, brass and percussion instruments, following the lead of the conductor. The musicians usually play classical music.

## 2. How is a large orchestra different than a small orchestra?

The large orchestra has about 100 players and is called a symphony orchestra. The small orchestra has 30-40 players and is known as a chamber orchestra.
